WE ARE.

WE ARE THE UP AND THE DOWN,
THE POWER AND THE PEACE,
THE END AND THE BEGINNING.
WE ARE A LOOK IN THE EYE.
A STATEMENT.
A BEATING HEART.
A CHALLENGE.

WE ARE A RUSH OF ENERGY
FUSED WITH NATURE ON EPIC DAYS.

WE ARE FOR EVERY MISSION
YOU EVER WANT TO TAKE.

WE ARE FOR THE GREATEST MISSION
OF ALL: PROTECTING THIS NATURAL
PLAYGROUND, SO EVERYONE CAN
ENJOY IT FOREVER.

WE ARE FROM THE MOUNTAINS,
FOR THE MOUNTAINS.

WE ARE MADE BY MOUNTAINS.

NATURE'S PERFORMANCE FABRIC.

We believe in using merino wool because it's the world's highest performing natural fibre. It's tried and tested in nature to withstand all extremes.

IT WON'T STINK, EVEN IF YOU DO.

Merino contains natural anti-bacterial properties that protect against odour.

MANAGES MOISTURE LIKE A BOSS.

Merino is amazing at moving moisture away from your skin, and can absorb up to 30% of it's own weight before feeling wet!

IT'S WARM, EVEN WHEN WET.

Even on the coldest days, merino will keep you warm when wet because of it's natural insulating properties.

THE REASONS WHY IT'S THE WORLD'S GREATEST

KEEPS YOU COOL WHEN IT'S HOT, WARM WHEN IT'S NOT.

Nature's Climate Control. Merino moves moisture away from the body, helping to regulate body temperature.

IT'S FIRE RESISTANT.

Wool is naturally high in nitrogen and water, which requires higher levels of oxygen in the surrounding environment in order to burn.

IT'S SUPER SOFT.

Merino wool fibres are superfine, itch free and luxuriously soft next to skin.

We partner with the world's best in the wool industry. This ensures quality product that respects animals, people, places and our future.

**ETHICAL.
SUSTAINABLE.
NATURAL.**

TEXTILE MANUFACTURING

Mons Royale is proud to partner with Shanghai Challenge Textiles (SCT), an innovative world class manufacturer specialising in merino wool. SCT is the first manufacturer in Shanghai to be awarded the new Chinese Environmental Certification. They also understand that their workforce is the factories real asset. Free meals, a high standard of training and rental allowances for non local workers all contribute to ensure they have less than 5% staff turn over.

WE ARE

MADE BY MOUNTAINS

"It is the mountains that inspire everything we do" From the products we design, the experiences we create and the communities that bring us together.

At Mons Royale, we believe in harnessing that feeling of freedom we experience in the mountains.

It is the mountains that inspire everything we do. From the products we design, the experiences we create and mountain towns we call home. Our love for action and adventure sports bring with it a passionate culture of likeminded people and communities - and it is our mission to share this passion with the world, so more of us can benefit from the mental and physical freedom we feel when we are out there shredding.

When we began in 2009 from a tiny mountain town at the bottom of the world; Wānaka, New Zealand - we set out to create high performance, versatile clothing that enabled us to experience the mountains in comfort and style - without sacrificing quality, or our planet. This is why we use merino wool as the foundation for our products. Sustainable. Ethical. Natural. Merino is simply the world's best natural performance fibre.

At Mons Royale, we are always looking to create innovative new fabrics and products that suit the needs of our mountain missions. We are designed from the mountains, for the mountains.

NEW PACKAGING & STANDS

For FW21 we have updated our packaging and swing tags to simplify wayfinding, improve the customer experience and reduce our impact. The packaging and swing tags are printed using vegetable based inks using FSC Certified paper, while our BioBags are made from cornstarch and printed with vegetable based inks which makes them compostable.

As part of this update we also now offer a Mons Royale freestanding display unit for both baselayer and accessories. Please talk to your Mons Royale representative to learn more.

OUR FOUNDERS
A DESIGNER
AND A PRO-SKIER -
BOTH FARMERS.

Hannah and Hamish Acland started Mons Royale in 2009. Coming from High Country farms in New Zealand, they both have a natural affinity for merino wool and the mountains in which the wool is grown.

Hamish's skiing and Hannah's design background combined with their farming roots has given the brand an authentic platform to design high performance merino apparel for mountain sports. Hannah continues to lead the brand's design direction with Hamish as CEO. Their team of two has grown globally to over forty staff across three offices: Innsbruck (Austria), Vancouver (Canada) and Wānaka (New Zealand).
