

WE ARE.

WE ARE THE UP AND THE DOWN,
THE POWER AND THE PEACE,
THE END AND THE BEGINNING.
WE ARE A LOOK IN THE EYE.
A STATEMENT.
A BEATING HEART.
A CHALLENGE.

WE ARE A RUSH OF \geq ENERGY \leq
FUSED WITH NATURE ON EPIC DAYS.

WE ARE FOR EVERY MISSION
YOU EVER WANT TO TAKE.

WE ARE FOR THE GREATEST MISSION
OF ALL: PROTECTING THIS NATURAL
PLAYGROUND SO EVERYONE CAN
ENJOY IT FOREVER.

WE ARE FROM THE MOUNTAINS,
FOR THE MOUNTAINS.

WE ARE MADE BY MOUNTAINS.

NATURE'S PERFORMANCE FABRIC.

—
We believe in using merino wool because it's the world's highest performing natural fibre. It's tried and tested in nature to withstand all extremes.

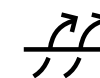

THE REASONS WHY IT'S THE WORLD'S GREATEST

IT WON'T
STINK,
EVEN IF
YOU DO.

**Merino contains natural
anti-bacterial properties
that protect against odour.**

MANAGES
MOISTURE
LIKE
A BOSS.

**Merino is amazing at moving
moisture away from your skin,
and can absorb up to 30% of its
own weight before feeling wet!**

IT'S WARM,
EVEN WHEN
WET.

**Even on the coldest days,
merino will keep you
warm when wet because
of its natural insulating
properties.**

KEEPS YOU
COOL WHEN
IT'S HOT,
WARM WHEN
IT'S NOT.

**Nature's Climate Control.
Merino moves moisture
away from the body,
helping to regulate body
temperature.**

IT'S FIRE
RESISTANT.

**Wool is naturally high in
nitrogen and water, which
requires higher levels of
oxygen in the surrounding
environment in order to burn.**

IT'S
SUPER
SOFT.

**Merino wool fibres
are superfine, itch free
and luxuriously soft
next to skin.**

We partner with the world's best in the wool industry. This ensures quality product that respects animals, people, places and our future.

ETHICAL. SUSTAINABLE. NATURAL.

THE SOURCE

We are proud to partner with New Zealand's ZQ Merino, the world's leading ethical wool brand. ZQ stands for a better quality of life for the animals, for our planet, our people and you. ZQ Merino ensures the highest standards in:

- + Animal welfare
- + Environmental sustainability
- + Quality fibre
- + Traceable to the source
- + Social responsibility

For more information about about ZQ Merino go to: discoverzq.com

YARN SPINNING

Our wool is spun at Süedwolle. The company is regarded as a global leader for worsted spun yarn for weaving, circular and flat knitting in pure wool and wool blends. Certified with the latest eco certifications including ISO and Oeko-Tex standards.

TEXTILE MANUFACTURING

Mons Royale is proud to partner with Shanghai Challenge Textiles (SCT), an innovative world class manufacturer specialising in merino wool. SCT is the first manufacturer in Shanghai to be awarded the new Chinese Environmental Certification. They also understand that their workforce is the factories real asset. Free meals, a high standard of training and rental allowances for non local workers all contribute to ensure they have less than 5% staff turnover.

MADE WE ARE BY MOUNTAINS

"It is the mountains that
inspire everything we do"
From the products we design,
the experiences we create
and the communities that
bring us together.

At Mons Royale, we believe in harnessing that feeling
of freedom we experience in the mountains.

It is the mountains that inspire everything we do. From
the products we design, the experiences we create and
mountain towns we call home. Our love for action and
adventure sports bring with it a passionate culture of
like-minded people and communities - and it is our
mission to share this passion with the world, so more of
us can benefit from the mental and physical freedom we
feel when we are out there shredding.

When we began in 2009 from a tiny mountain town at the
bottom of the world; Wānaka, New Zealand - we set out to
create high performance, versatile clothing that enabled
us to experience the mountains in comfort and style -
without sacrificing quality, or our planet. This is why we
use merino wool as the foundation for our products.
Sustainable. Ethical. Natural. Merino is simply the world's
best natural performance fibre.

At Mons Royale, we are always looking to create
innovative new fabrics and products that suit
the needs of our mountain missions. We are
designed from the mountains, for the mountains.

Clean and minimal, with black on black prints and reflective details.

BURNT SAGE

SAGE

TERRACOTTA

TERRAZZO PRINT

SAGE / TERRACOTTA.

Sage and Terracotta bring an earthy femininity to this green palette. We have created an all-over Terrazzo print to bring interest and texture to this colour story.

BLACK

DARK DENIM

DENIM TIE DYE

CANDY / DARK DENIM.

Two directions exist within this colour palette, with an edgy and sporty version (black candy) and a softer tie-dye that brings a relevant and exciting new twist on bike and active baselayer.

GOLD

CHOCOLATE

CHOCOLATE CAMO

GOLD / DARK CHOCOLATE.

A unisex colour story that brings rich and chocolatey browns that are 'popped' with gold. A camo print brings added depth and a tomboy vibe to the women's collection.

COLOUR STORIES

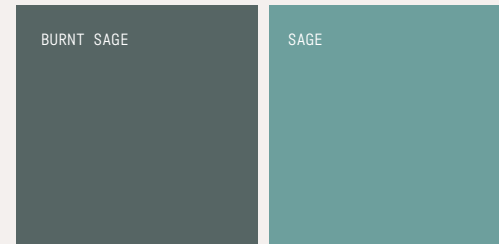

BLACK / BLACK.

Clean and minimal, with black on black prints and reflective details

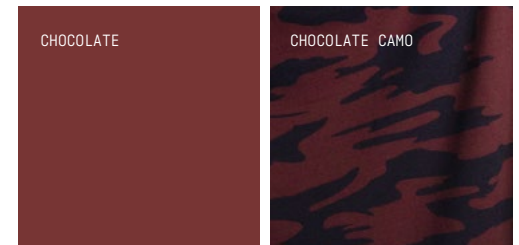

TOFFEE / BLUE SLATE.

The dusty tone of blue slate creates a unique colour direction for this commercial hue. Complimented with touches of slated caramel and toffee adds further interest. Black anchors the story and brings a sporty edge.

SAGE / DARK SAGE.

Sage is having a big moment this season. We add various shades of this colour and a unique tie-dye in men's to bring depth and texture to this story.

GOLD / DARK CHOCOLATE.

A unisex colour story that brings rich and chocolatey browns that are 'popped' with gold. A camo print brings added depth and a tomboy vibe to the women's collection.

DRIFT SHORTS

When adventure calls, these shorts will go anywhere. Lightweight, comfortable and durable with a matching belt. Stretch Wool Cordura is tough, super light and flexible. This high performance fabric uses recycled polyester made from recycled PET bottles. Polyester sheds weight and adds durability, elastane increases mobility and merino ensures it retains the performance benefits of merino wool.

We continue to increase our digital B2B tools and because we launch our ranges in the Southern Hemisphere first, our assets are always delivered ahead of the pack. Below are our key platforms to support our retail partners.

NUORDER - B2B ORDERING PLATFORM

Work with NuOrder for both prebook ordering and in-season re-orders. NuOrder helps save time and reduces mistakes. Please talk to your Mons Royale representative to learn more.

BRANDKIT - DIGITAL MARKETING ASSET LIBRARY

You will find all of our marketing assets for both brand and seasonal marketing at: monsroyale.brandkit.io please talk to your Mons Royale representative to order point of sale assets.

NEW PACKAGING & STANDS

We have updated our packaging and swing tags to simplify wayfinding, improve the customer experience and reduce our impact. The packaging and swing tags are printed using vegetable based inks on FSC Certified paper, while our BioBags are made from cornstarch and printed with vegetable based inks which makes them compostable.

As part of this update we also now offer a Mons Royale freestanding display unit for both baselayer and accessories. Please talk to your Mons Royale representative to learn more.

OUR FOUNDERS

A DESIGNER
AND A PRO-SKIER –
BOTH FARMERS.

Hannah and Hamish Acland started Mons Royale in 2009. Coming from High Country farms in New Zealand, they both have a natural affinity for merino wool and the mountains in which the wool is grown.

Hamish's skiing and Hannah's design background combined with their farming roots has given the brand an authentic platform to design high performance merino apparel for mountain sports. Hannah continues to lead the brands design direction with Hamish as CEO. Their team of two has grown globally to over forty staff across three offices: Innsbruck (Austria), Vancouver (Canada) and Wānaka (New Zealand).
